Working with Vulnerable Children, Young People and Families

Working with Vulnerable Children, Young People and Families

The potential for early intervention to prevent social problems later in life has become the focus of much debate in recent years and finds itself at the centre of contemporary social policy. The meaning of ‘vulnerability’ – one of the key concepts in this drive – is examined in this book, as well as the relationship between vulnerability and the individual, communities and society.

This book introduces students to a broad debate around what constitutes vulnerability and related concepts such as risk and resilience, and examines how vulnerability has been conceptualised by policy makers with a clear focus on early intervention. Adopting a case study approach, it opens with chapters examining the concept of vulnerability from sociological, psychological and social policy perspectives before looking at examples around disability, homelessness, leaving care, victims of violence, sexual abuse, prison, the Internet and drug use.

Supporting students in engaging with and evaluating the conceptualisation and application of vulnerability in professional practice, this book is suitable for anyone either preparing for or currently working within the children’s workforce, from social work and health care to education and youth work.

It makes you more readily to read this book, because you can read this book in your Cell phone. So there is no reason to you to past this guide from your list.

Lamar Carr:

As a college student exactly feel bored for you to reading. If their teacher requested them to go to the library or to make summary for some book, they are complained. Just very little students that has reading's heart and soul or real their interest. They just do what the educator want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that looking at is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this Working with Vulnerable Children, Young People and Families can make you really feel more interested to read.
