If someone out there is planning on going to Rwanda, I would highly recommend picking up this book. It's light in tone, often humorous, and entails almost everything you will meet in terms of challenges and general wonderment when embarking on a surreal journey to Rwanda. The practical advice here will really help on your trip. Some amazing interactions with locals and cultural experiences make the book interesting. For those of you who are obsessed with the sheer variety in the many types of Rwandese cuisine, this is your book. It is pretty entertaining, and also I would recommend this to historians as well as those with an interest in African culture. This book is a must read, especially while travelling to Rwanda with a desire to explore.
