The Land Surveyor Reference Manual is the most complete and effective review for the Fundamentals of Land Surveying (FLS) exam. In this major new edition, every exam topic is thoroughly and clearly covered. The book's 250 solved example problems reinforce key concepts and demonstrate solution methods. More than 365 practice problems are presented in the same format and level of difficulty as the actual exam, to give examinees realistic preparation. Fully worked-out solutions are included.

In addition, the Land Surveyor Reference Manual provides a concise review of the math necessary to perform surveying functions. Exam information, test-taking strategies, and an extensive index complete this package.
