Diamond Moon (Black Hills Wolves Book 12) Celia Breslin

Human-wolf hybrid Darci Diamond spends every full moon locked in auntie's basement in Southern Oregon. Her excruciating shifts terrify her, the last one causing her heart to stop beating. Seeking a cure, she journeys to Los Lobos.

Ross Luparell returns to the struggling Tao pack, using his millions made in the tech industry to build homes for pack families in need. He never imagined he would also find his one true mate. But when a hybrid with the biggest green eyes he's ever seen lands on his doorstep in the middle of a wicked summer storm, there's no denying it. She's the one.

She wants a normal human life, free from pain-filled shifts. He won't give up on her Wolf, and will do whatever it takes to help her accept her true nature. But can he convince her to trust him with her heart?
