Infants, Children, and Adolescents (6th Edition) Laura E. Berk

Berk's signature storytelling style invites students to actively learn beside the text's "characters" who share their influential experiences and developmental milestones. Students are provided with an exceptionally clear and coherent understanding of child development, emphasizing the interrelatedness of all domains—physical, cognitive, emotional, and social—throughout the text narrative and in special features. Focusing on education and social policy as critical pieces of the dynamic system in which the child develops, Berk pays meticulous attention to the most recent scholarship in the field. Berk helps students connect their learning to their personal and professional areas of interest and their future pursuits as parents, educators, health care providers, social workers, and researchers.
