The Long European Reformation: Religion, Political Conflict and the Search for Conformity, 1350-1750 (European History in Perspective) Peter G. Wallace

Peter G. Wallace interweaves the Reformation into the transformations of political institutions, socioeconomic structures, gender relations, and cultural values in early modern Europe. In approaching the European Reformation as a long-term process, Wallace argues that the classic sixteenth-century religious struggles with the resolutions proposed by reformers such as Luther, were not fully realized for most Christians until the early eighteenth century.
