Ronald Hutton

The Pagan Religions of the Ancient British Isles: Their Nature and Legacy Ronald Hutton

This is the first survey of religious beliefs in the British Isles from the Old Stone Age to the coming of Christianity, one of the least familiar periods in Britain's history. Ronald Hutton draws upon a wealth of new data, much of it archaeological, that has transformed interpretation over the past decade. Giving more or less equal weight to all periods, from the Neolithic to the Middle Ages, he examines a fascinating range of evidence for Celtic and Romano-British paganism, from burial sites, cairns, megaliths and causeways, to carvings, figurines, jewellery, weapons, votive objects, literary texts and folklore.
