Utopia Revisited: A 21st Century Account of a Diplomatic Visit to the Island Nation of Utopia John William McMullen

Nearly five hundred years after Sir Thomas More first recorded Raphael Hythloday's account of a five year stay on the island nation of Utopia, political intrigue, human sexuality, and religious liberty collide in Utopia Revisited to deliver a frightening glimpse into a world that could be ours. Martin Guérin, a Vatican Ambassador, travels to the island nation of Utopia in hopes of staying the execution of Atavus Tyburn Ataraktos, a political prisoner charged with sedition and treason against the Utopian government. However, Ambassador Guérin soon finds himself embroiled in a political and philosophical debate with Sir Blabben Quacksalver, a member of Utopia's Parliament, as the two prepare to meet with the Minister of Justice, Ms. Anomie Prudentia, prior to the scheduled televised execution. "Utopia Revisited portrays a very real blueprint for a Utopian existence and, in a startling fashion, clearly demonstrates that there is no right way to do a wrong thing, even under the guise of law or in the name of progress and tolerance." --Tim Klingler, Esq., member of the St. Thomas More Society of Southwestern Indiana A hallmark of soft totalitarianism is the subjugation of the individual, all done in the name of personal freedom.--Atavus Ataraktos
