Dimitris N. Chorafas

Auditing the implementation, operation, and maintenance of ERP and CRM software as well as the corrective action taken on the basis of results

Internet commerce, online supply chain, and advances in technology - all available at increasingly lower costs - make systems of the past obsolete. However, just as new technology creates new opportunities, it can also create unforeseen consequences. By binding a wealth of interdependent issues between the covers of one book, **Integrating ERP, CRM, Supply Chain Management, and Smart Materials** gives you the tools you need to create proprietary, high value-added solutions.
