## **The Global Resistance Reader** Louise Amoore

*The Global Resistance Reader* provides the first comprehensive account of the phenomenal rise of transnational social movements which have opposed the financial, economic and political hegemony of large international organizations such as the World Trade Organization, World Bank and International Monetary Fund. The conceptual debates, substantive themes and case studies have been selected to open up the idea of global resistance to interrogation and discussion by students and to provide a one-stop source for researchers, journalists, policymakers and activists.
