The Art of Combat: A German Martial Arts Treatise of 1570 Joachim Meyer

Among the substantial legacy of martial arts texts left by combat masters working in the medieval German tradition, this book stands out as one of the most remarkable and important, translated for the first time in English by Jeffrey Forgeng. The only major original text in this corpus to be disseminated in print, Meyer's manual is an ambitious comprehensive encyclopedia of traditional German martial arts, covering a range of weapons forms, and offering a rationalized introduction to a complex and organic tradition inherited from the Middle Ages.
