Armed Patriots Will Clark

Author and historian Serge Trifkovic states: “The refusal of the Western elite class to protect their nations from jihadist infiltration is the biggest betrayal in history.” The threat of Islamic domination of America and the Western world grows more powerful each day. We see the threat, we feel the threat, we know that threat is at our heels; yet our government does nothing to stop it; or as the quote above reveals, our government is betraying us by assisting and encouraging that dangerous condition. Although the end goal of that Islamic threat is the same, to destroy Christianity and Western culture and subjugate it to be ruled by a dogmatic force, that threat comes at us from two sources. One source takes the approach of a copperhead snake. A copperhead hesitates to hide or flee, and often attacks directly even without provocation. The Islamic radicals and the copperhead share the same heart - except Islamic radicals are even more vicious and dangerous. A copperhead will strike once then try to flee. Islamic radicals have such a blood-lust that even after they kill you they are not satisfied until they cut off your head. Their approach is so vicious perhaps their goal must be considered continuing blood-lust and domination rather than religion. Western governments, including the United States recognize this type of snake and occasionally make a minor effort to kill it. The Muslim Brotherhood is the other snake, the cottonmouth. The cottonmouth is more subtle and not as openly aggressive. Rather than making a direct and aggressive attack, the cottonmouth waits in hiding and strikes at the most advantageous moment. He hides under the other side of a fallen log and waits for someone to step across. He strikes unknown and unseen, and then slithers away to deeper hiding under the log until he decides to strike again. Like the cottonmouth, members of the Muslim Brotherhood draw themselves into the host society as peaceful, they become respected leaders of the community; then when their influence is high enough they strike from hiding. We must be prepared to recognize each of these snakes, each threat to our safety and security. We must all become Armed Patriots to insure these snakes never get an opportunity to strike with their evil fangs.
