Public-Private Partnerships: Theory and Practice in International Perspective (Routledge Advances in Management and Business Studies) Stephen Osborne

Public-Private partnerships are an increasing aspect of the delivery of public policies and services across the world. This book is the first to draw upon a range of disciplines to offer theoretical perspectives upon their analysis as well as a range of case-studies of their management from around the world. It also offers a number of frameworks for the evaluation of their management. This book will be of interest to students of public policy and public management, whether at the undergraduate or postgraduate level.
