## **A Critical Lexicon and Concordance to the English and Greek New Testament: Together with an Index of Greek Words** E. W. Bullinger

2014 Reprint of 1914 Sixth Revised Edition. Full facsimile of the original edition. Not reproduced with Optical Recognition Software. In this classic lexicon and concordance, English words appear in alphabetical order along with the equivalent Greek words, their literal and derivative meanings, and a list of passages in which they appear. The book also includes a comprehensive Greek-English index. The design of this work is to give every English word in alphabetical order, and under each the Greek word or words so translated, with a list of the passages in which the English word occurs, showing, by a reference figure, which is the Greek word used in each particular passage. Thus, at one view, the Greek word with its literal and derivative meanings may be found for every word in the English New Testament. Ethelbert William Bullinger (1837-1913) was an Anglican clergyman, Biblical scholar, and ultradispensationalist theologian. The sixth edition was produced after Bullinger's death. Typographical and other errors have been corrected as far as possible, but no change has been made in the Lexical part of the book. Publisher's note: The 1914 printing of this work was printed with weak type and inexpensive paper. Martino Publishing has enhanced the type and legibility of the text to make the material more easily apparent to the reader.
