## **The Burning World: A Warm Bodies Novel (The Warm Bodies Series Book 3) Isaac Marion**

In this much-anticipated sequel to the “gruesome yet poetic” (*The Seattle Times*) *New York Times* bestselling novel and hit movie *Warm Bodies*, star-crossed lovers R and Julie—a post-apocalyptic Romeo and Juliet—must grapple with life among the undead.

Being alive is hard. Being human is harder. But since his recent recovery from death, R is making progress. He’s learning how to read, how to speak, maybe even how to love, and the city’s undead population is showing signs of life. R can almost imagine a future with Julie, this girl who restarted his heart—building a new world from the ashes of the old one.

And then helicopters appear on the horizon. Someone is coming to restore order. To silence all this noise. To return things to the way they were, the good old days of stability and control and the strong eating the weak. The plague is ancient and ambitious, and the Dead were never its only weapon.

How do you fight an enemy that’s in everyone? Can the world ever really change? With their home overrun by madmen, R, Julie, and their ragged group of refugees plunge into the otherworldly wastelands of America in search of answers. But there are some answers R doesn’t want to find. A past life, an old shadow, crawling up from the basement.
