- The coverage of qualitative research has been carefully revised to highlight examples of high-quality qualitative research and to present both qualitative and quantitative approaches as equally valuable.
- EVOLVE website provides examples of both qualitative and quantitative research proposals.
- Now focuses on the “how to’s” of seeking research funding and provides a practical tool to help new researchers move from research proposal to funded research project.
- UNIQUE! Authoritative coverage provides students the opportunity to learn first-hand from the leaders in the field.
- UNIQUE! Separate chapter on the cost-driven field of outcomes research helps nurses to demonstrate that what they do results in positive healthcare outcomes.
- UNIQUE! Provides a separate chapter on the emerging field of intervention research, which establishes “causal explanations” for nursing interventions in response to the growing difficulty of performing true experimental research on human participants.
