Adventures of Huckleberry Finn (Illustrated, Annotated, Quotes) Mark Twain

Adventures of Huckleberry Finn

"All modern American literature comes from one book by Mark Twain called Huckleberry Finn." - Ernest Hemingway

Of all the contenders for the title of The Great American Novel, none has a better claim than The Adventures of Huckleberry Finn. Intended at first as a simple story of a boy's adventures in the Mississippi Valley - a sequel to The Adventures of Tom Sawyer - the book grew and matured under Twain's hand into a work of immeasurable richness and complexity. More than a century after its publication, the critical debate over the symbolic significance of Huck's and Jim's voyage is still fresh, and it remains a major work that can be enjoyed at many levels: as an incomparable adventure story and as a classic of American humor.

John Seelye's introduction discusses the context from which the novel emerged.
