## **Between States: Interim Governments in Democratic Transitions (Cambridge Studies in Comparative Politics)** Yossi Shain, Juan J. Linz

Between States is a two-part study compiled in one book. It is the first book to assess systematically the broad implications of interim governments in the establishment of democratic regimes and on the existence of states. Drawing on historical and contemporary democratization experiences, Shain and Linz, the principal authors, explore four ideal types of interim government: opposition-led provisional governments, power-sharing interim governments, incumbent-led caretaker governments, and international interim government by the United Nations. In the second part of this book, other contributors evaluate the subject further in extensive case studies.
