Half Wed Moon (A Danny Lee Novel Book 1) Mara Lee

Danny Lee has a problem, and it's bigger than the demon she has just managed to release on the New Jersey populace. Danny is a magi wolf; the only magi-infused werewolf in existence and her life is a constant battle between her inner beast and her mage sensibilities. Danny's brother has gone missing and the price for information that may lead to his release—her freedom. In order to secure his safety, Danny must rejoin the pack that she deserted five years past ... and the pack Alpha that she has tried so hard to forget. Armed with information, determination and a whole lot of magic, Danny ventures into foreign territory in search of her brother and lands in the arms and under the fangs of one irresistible master vampire, a vampire who has no intention of letting this stubborn and independent magi wolf get away. But Danny whose independence means everything to her, and who cannot think past her split soul, has much more on her mind than the sexy and mysterious vampire who would love to get a bite in. Can the wolf in magi's clothing and the Machiavellian vampire find love amidst war, pack politics and a possible fairy invasion?
