Years ago, McKenzie Livingston made some changes in her life that resulted in a sound career and marriage, a close relationship with her sister and niece, and a promising future, or so she thinks. But God has something else in store for her, all packed into one six-letter word.

The Six-Letter Word is a never-say-never story of how lives can change without warning, and about being comfortable with being uncomfortable. It is a peek into the life of a woman whose test can be her testimony of growth - but first she must survive the unpredictability-factors of divine order. McKenzie's future is in the hands of fate - but it will take courage, faith, and love to simply survive.

Marissa Monteilh (Mon-tay), a former commercial actress and television news reporter, is the author of fourteen novels and novellas, which also includes her works under her pen name.
