Neo-Conned!: Just War Principles: A Condemnation of War in Iraq

Refuting the myth that America's socially conservative thinkers, journalists, and commentators tend to support the war in Iraq, this text incorporates the opinions of some of the leading figures in America's conservative movement on why the decision to go to war and the continuing occupation of Iraq was and is the wrong course of action. Twenty-five articles by influential thinkers such as former presidential candidate Pat Buchanan, syndicated columnists Sam Francis, Joseph Sobran, Eric Margolis, and Charley Reese, leading economist Jude Wanniski, social critics Tom Fleming and Paul Gottfried, and religious figures Bishop John Michael Botean and the late Alfredo Cardinal Ottaviani make the case against the Iraqi conflict using conservative arguments on geopolitics, Christian morality, and common sense. Four detailed appendices on the war teachings of the Roman Catholic Church are also provided.
