Jase Donovan always knew exactly what to expect from college: frat parties, coeds, and a spot on one of the most prestigious basketball teams in the world. It was the life he was destined for... until his sister became the Alpha Pack's Most Wanted. Now he's playing a dangerous game of espionage and subterfuge with the most powerful Shifters and Seers in the world, and if he loses, his life won't be the only one on the line. Talley Matthews has always been able to look on the sunshine-and-rainbows side of life, but it's getting harder and harder every day with the knowledge that one friend is on the run and another is barely clinging to life. To complicate matters even more, after being pegged as an Alpha Pack Potential, she's having to fend off advances from Shifters who want to use her to gain a little power. The attention might be nice if her heart didn't already belong to someone else. In this companion to the best-selling Timber Wolves trilogy, readers will finally discover the path Jase and Talley took to discover their love for one another.
