Webpages that are no longer functioning or available have been removed from the list. New webpages are also added to the growing list of websites. If you have the prior version, you may contact customer service to get the updated version of the book. Enjoy!

There are lots of promotional websites out there that will promote your books for you for free or at a certain cost. You have to be careful because other sites will ask for a donation or payment before they list your book. This book, on the other hand, only includes carefully selected websites that have the certain service and will showcase your book and talent at no cost.

I made this list to maximize my KDP promotional days. Instead of keeping these websites to myself, I decided to compile them so that you can also benefit from their services. I have intended this book to help you save your time in finding websites to submit your work and instead use your time in writing more books.

Most of the sites in my list accept free books but others will let you post your bargain books or regular priced books at a certain condition. All of them have submission guidelines that you have to follow. You may see their guidelines usually at the FAQ or Terms of Service (TOS) section of their websites but most of the highlights were already listed here in my book. I have included the important details in submitting your books, which consist of restrictions, requirements and what books are usually accepted.

If you want to maximize your free book promotion or Kindle Countdown Deals, download this book now and find out the best places to promote your book.

BONUS CHAPTER:

This book includes bonus 40 Facebook pages to advertise your book. That's a total of 210 places to promote your book for free! Not a single dime!

Download it one time and you can benefit from it all through out you KDP promotional days.

You can buy it now for only \$2.99 limited time only. Regular price is \$4.99.
