## **Helping Others Help Children: Clinical Supervision of Child Psychotherapy**

Examines the critical role of supervision in this survey of practices and procedures and explores promising new child therapies. The book recontextualizes child therapy for contemporary demands by presenting a cross-section of supervision practices in child psychotherapy, which include some of the most promising new child therapies. Readers will find rich discussions on dealing with supervision of play therapy and cognitive-behavioral therapy with children, including techniques associated with each therapy and suggestions for the observation and training of supervisees. In addition, ethics in supervision and cross-cultural supervision are addressed. This text will empower supervisors, students, and practitioners to meet the challenges found in all therapeutic environments, including urban mental health centers and schools.
