An effective combination of creative exercises, real-life examples, and simple illustrations are integrated in this "how-to" book, teaching readers to develop their storyboarding skills for a variety of media types, including film, television, animation, and interactive media. Each aspect of the storyboarding process is carefully examined including creating visually specific shot lists and overhead diagrams, and drawing simple sketches that express a clear understanding of staging, editing, and composition. Coverage is rounded out with a comprehensive overview of camera techniques that helps readers visualize a scene before the process of storyboarding begins.
