**Territoriality and the Westernization Imperative: Antecedents and Consequences** Claude V. Chang  
Coexistence in an atmosphere of mutual respect in a pluralist world order has become an even greater challenge in the practice of international relations since the murderous acts committed by al-Qaeda on September 11, 2001 (9/11) that demanded justice. This book looks beyond today's popular narratives. Dr. Chang explores the extent to which the tragedy of 9/11 has been exploited by the neoconservative-controlled U.S. administration as opportunity to launch its grand strategy for creating an American-centric order, necessary for the continuation of U.S. hegemony in the twenty-first century.
