The Challenges of Change: The Helsinki Summit of the CSCE and Its Aftermath

On 9 and 10 July 1992, the Heads of State or Government of 51 participating states of the Conference on Security and Co-operation in Europe (CSCE) convened in the Finnish capital, Helsinki. This meeting, which became known as Helsinki-II, marked an important milestone in the history of the CSCE process which was born at the same place about two decades previously. This collection of essays analyzes the results of the Helsinki Summit and the major issues which were debated. Topics range from political and security dimension of the CSCE, economic co-operation and the protection of the environment, to human dimension issues. Most authors were engaged in (parts of) the negotiation process which led to the Helsinki Document.
