John R. Burch, Jr.

Owsley County, Kentucky, and the Perpetuation of Poverty (Contributions to Southern Appalachian Studies) John R. Burch, Jr.

Owsley County, Kentucky, is well known by journalists, academics, and local historians as a quintessential example of rural poverty in Appalachia. This study identifies several reasons behind Owsley County's ongoing struggle with poverty, including the county's lack of natural resources, a poor transportation system, and a centralized socio-political power structure controlled by the entrenched elite. The author asserts that Owsley County's economic hardships are far from unique, but rather are representative of a significant number of Appalachian counties and towns. Several tables and appendices provide useful demographic, legislative, and agricultural data.
