Reverence is a forgotten virtue in teaching and learning. Indeed, it is a largely forgotten virtue in American society. This book argues that there is much more to teaching students than merely imparting knowledge. Good teaching involves forming character, molding destinies, creating an enduring passion for learning, appreciating beauty, caring for others, and much more. In some sense of the word, teaching is a spiritual, although not necessarily a religious, activity. When done well, it cultivates human intimacy and allows teachers to find creative self-expression in classroom community. The essays gathered here examine reverence as a way to understand some of the spiritual dimensions of classroom teaching.
